【Overview】

On Saturday, November 1, 2025, the 30th Annual Scientific Meeting of the Japan Nursing Research Society Kyushu-Okinawa Regional Chapter was held at Kyushu University Maidashi Campus, with Professor Nobuko Hashiguchi, the unit leader of this research center, serving as the chair. In the symposium "Aiming for the Implementation of Nursing Research: Efforts through Co-Creation Between Hospitals and Universities," the research results of this center were shared with the participants. Additionally, in the general presentations, nine topics from the registered studies of this research center were presented.
