

【Event】 The 52nd Annual Meeting of the Japan Society of Nursing Research. Topic : Activities During the First Three Years After the Establishment of the Research Center for Nursing Innovation and Implementation and Its Future Developments.	【Overview】 At the networking meeting, we introduced the activities and organizational features of the research center over the three years since full-scale operation began in 2023, and also reported examples of research activities by university faculty and the nursing department. In the latter half, we exchanged opinions on issues and challenges related to conducting joint research with clinical nurses.
